Amelie Ambroise

The seamstress

Amélie Ambroise is a French photographer.

Amélie is an image maker in the broadest sense. Moving effortlessly between photography, film, and mixed media, she creates images that feel playful, graphic, and timeless.

Deep blacks and crisp whites, vibrant colours, grainy textures, soft blurs, and unexpected graphic twists are all part of her visual language. Whether she's shooting fashion, portraits, or creating animations, there's always a sense of freedom, elegance, and curiosity running through her work.
