

Myrtille Moniot

Grazia Special 10 years

Myrtille literally means Blueberry in French.

**After knowing this you won't be surprised when you meet this passionate, creative,
Video Director.**

**Yes, Myrtille is a grown up man-artist who originally studied Cinema in his
beautiful home town Nice, France.**

**After networking for 10 years in Paris, Myrtille recently came back to the
Mediterranean sea, Barcelona, where his carrier took off collaborating with well
known beauty and fashion brands and well established photographers, always
using documentaries and movies references in his work.**
